The Face of Global Migration

Empowered Thinking: A YWCA of Boulder County Discussion Series in partnership with

Immigration has shot to the top of the political agenda around the globe. But what is the story behind the news? Each immigrant has a personal saga that often defies stereotypes. Come hear four stories of immigrants that have come from locales as diverse as Syria, Romania, and Guatemala. Hear what drove them to move to a new country, how they ended up in Colorado, what they've overcome, and the role that public policy has played. You'll come away with a new appreciation of the issues, without the partisan rhetoric.
