

## Family Action Day

### Día de Acción Familiar

This Sunday we challenge you to dedicate the day to get educated and informed with your family by having powerful conversations, watching documentaries, reading books together, joining local movements or looking into other resources in relation to anti-racism work. Below is a recommendation list of movies and documentaries, books, and other resources. We encourage you to hop on zoom and host important conversations and pledge together how you can make a difference. We'd love to see your Family Action Day on social media, tag us!
